

Bleeding and Venting Valves

Startup Bleeding and Venting Valves EB 3.52

Universal Valve

Technical Data

Connection DN	25 - 100
Nominal Pressure PN	16
Operating Pressure	DN 25 - 50 up to 12 bar DN 65 - 100 up to 13 bar
Flow Rate	1935 Nm ³ /h
Temperature	130 °C
Medium	liquids

Description

Start-up bleed valves remove air or gases from systems or pipelines during the filling process without requiring an external energy input. When a system is drained they act as venting valves; venting may be prevented by fitting a commercial check valve to the outlet.

Thanks to the large cross-sectional area of the seat these valves are capable of handling large air volumes at low pressures. They close as soon as the system is filled with fluid. When the liquid level drops these valves will only open if the system is depressurised; they will not open under working pressure.

EB 3.52 is a float-controlled start-up bleed valve manufactured completely from deep-drawn stainless steel components featuring excellent corrosion resistance. The float is precisely guided in the outlet spigot. The valve cone is fitted with a soft seal. The minimum pressure required for valve sealing is 0.3 bar.

Top and bottom sections of the valve body are connected by a clamp ring and two bolts. Servicing/maintenance is easy and does not call for special tooling.

Standard

- » All stainless steel construction
- » Quick-release body clamp ring

Options

- » Working pressure up to 16 bar
- » Various seal materials suitable for your medium
- » Plastic coating for corrosive fluids
- » Non-return valve to prevent venting
- » Special connections: Aseptic, ANSI or JIS flanges, welding spigots; other connections on request
- » Special versions on request

Operating instructions, know how and safety instructions must be observed. The pressure has always been indicated as overpressure. We reserve the right to alter technical specifications without notice.

Start-up Bleeding Air Flow Rate [Nm³/h] at 0 °C, 1013 mbar

Δp bar	nominal diameter DN						
	25	32	40	50	65	80	100
0,05	52	90	125	217	378	543	790
